INTRODUCTION VIDEO FOR JOB APPLICATION

- What to include in the video
 - Name
 - Where are you from
 - What have you been studying
 - What kind of work are you looking for
- Bring out your personality!
- Duration 60 secs

*"Hei, minun
nimeni on..."*

TIPS FOR CREATING VIDEO CV

- 1. **Write a script** - think about what you want to say
- 2. **Practice** - take a moment to practice and rehearse what you have written so that it comes naturally
- 3. **Set up** - make sure you are filming in bright light and the background is clear. You want to be the most interesting thing in the video, not the background.
- 4. **Dress** - Make sure you are wearing clean and relevant clothes and think of the video as a job interview.
- 5. **Keep your voice clear** - Make sure you can be heard in the video and speak clearly.
- 6. **Edit** - You can make several videos and edit them. At the very least, cut out the beginning and the end.

NOTE! A good video CV should be about one minute long, but no longer than two minutes. Be clear, concise and show your enthusiasm!
